Only stockholders who owned shares of our common stock at the close of business on April 23, 2019 can vote at the Annual Meeting or any adjournment that may take place. At the Annual Meeting, the stockholders will consider and vote on the following matters:

1. Election of two Class II directors to hold office until the 2022 annual meeting of stockholders;

4. Holding an advisory vote on the frequency of future executive compensation advisory votes; and
5. Transaction of any other business that may properly come before the Annual Meeting or any adjournment or postponement of thereof.

You can find more information, including the nominees for director, in the proxy statement for the Annual Meeting, which is available for viewing, printing and downloading at <https://www.proxydocs.com/APLS>. As outlined in the attached proxy statement, the board of directors recommends that you vote in favor of each of proposals one, two and three, and, in proposal four, for an annual executive compensation advisory vote.

Instead of mailing a paper copy of our proxy materials to all of our stockholders, we are providing access to our proxy materials via the Internet under the “notice and access” rules of the Securities and Exchange Commission. As a result, we are sending to our stockholders a Notice of Internet Availability of Proxy Materials, or the Notice, instead of a paper copy of this proxy statement and our annual report for the fiscal year ended December 31, 2018, or the 2018 Annual Report. We plan to mail the Notice on or about May 6, 2019, and the Notice contains instructions on how to access our proxy materials over the Internet. The Notice also contains instructions on how each of our stockholders can receive a paper copy of our proxy materials, including the proxy statement, our 2018 Annual Report, and a form of proxy card.

We cordially invite all stockholders to attend the Annual Meeting in person. Stockholders of record at the close of business on April 23, 2019, the record date for the Annual Meeting, are entitled to notice of, and to vote at, the Annual Meeting or any adjournment or postponement of the Annual Meeting. Whether or not you expect to attend the Annual Meeting in person, please vote your shares to ensure your representation and the presence of a quorum at the Annual Meeting. If you are a stockholder of record, you may vote your shares on the Internet by visiting <https://www.proxypush.com/APLS>, by telephone by calling 866-362-4346 and following the recorded instructions or by completing, signing, dating, and returning a proxy card. Your vote is important regardless of

the number of shares you own. If you mail your proxy card or vote by telephone or the Internet and then decide to attend the Annual Meeting to vote your shares in person, you may still do so. Your proxy is revocable in accordance with the procedures set forth in the proxy statement.

If your shares are held in “street name,” that is, held for your account by a bank, broker or other nominee, you will receive instructions from the holder of record that you must follow for your shares to be voted.

By Order of the Board of Directors,

/s/ Cedric Francois

If you are a stockholder of record, you may change your vote or revoke your proxy at any time before it is exercised at the meeting by giving our Secretary written notice to that effect.

IMPORTANT INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Purpose of the Annual Meeting

At the Annual Meeting, our stockholders will consider and vote on the following matters:

1. to elect two Class II directors to hold office until the 2022 annual meeting of stockholders;
2. to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019;
3. to approve an advisory vote on executive compensation;
4. to hold an advisory vote on the frequency of future executive compensation advisory votes; and
5. to transact any other business that may properly come before the annual meeting or any adjournment or postponement thereof.

As of the date of this proxy statement, we are not aware of any business to come before the meeting other than the first four items noted above.

Board of Directors Recommendation

Our board of directors unanimously recommends that you vote:

FOR the election of two Class II directors, each to serve on our board of directors for a three-year term;

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019;

FOR the approval of the advisory vote on executive compensation; and

FOR the approval, on an advisory basis, of holding future executive compensation advisory votes every **ONE YEAR**.

Availability of Proxy Materials

The proxy materials, including this proxy statement, a proxy card and our 2018 Annual Report, are available for viewing, printing and downloading on the Internet at <https://www.proxydocs.com/APLS>.

Who Can Vote at the Annual Meeting

Only stockholders of record at the close of business on the record date, April 23, 2019, are entitled to receive notice of the Annual Meeting and to vote the shares of our common stock that they held on that date. As of April 23, 2019, there were 63,232,476 shares of common stock issued and outstanding. Each share of common stock is entitled to one vote on each matter properly brought before the Annual Meeting.

Difference between a “stockholder of record” and a beneficial owner of shares held in “street name”

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, Computershare, then you are considered a “stockholder of record” of those shares. In this case, your Notice has been sent to you directly by us. You may vote your shares by proxy prior to the Annual Meeting by following the instructions contained in the Notice and in the section titled “How to Vote” on page 3 of this proxy statement.

Beneficial Owners of Shares Held in Street Name. If your shares are held in a brokerage account or by a bank, trust or other nominee or custodian, then you are considered the beneficial owner of those shares, which are held in “street name.” In this case, your Notice will be forwarded to you by that organization. The organization

[Table of Contents](#)

holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As the beneficial owner, you have the right to instruct that organization as to how to vote the shares held in your account by following the instructions contained on the voting instruction card provided to you by that organization.

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

We are pleased to comply with the rules of the SEC that allow companies to distribute their proxy materials over the Internet under the “notice and access” approach. As a result, we are sending our stockholders and beneficial owners a copy of the Notice instead of paper copies of this proxy statement, our proxy card, and our 2018 Annual Report. We plan to send the Notice on or about May 6, 2019. Detailed instructions on how to access these materials via the Internet may be found in the Notice. This proxy statement and our 2018 Annual Report are available for viewing, printing and downloading on the Internet at <https://www.proxydocs.com/APLS>.

How to Vote

If you are a stockholder of record, you can vote your shares in one of two ways: either by proxy or in person at the Annual Meeting. If you choose to vote by proxy, you may do so by telephone, via the Internet or by mail. Each of these methods is explained below.

- *By Telephone.* You may transmit your proxy over the phone by calling 866-362-4346 and following the instructions provided in the Notice and on the proxy card. You will need to have your Notice or proxy card in hand when you call.
- *Via the Internet.* You may transmit your proxy via the Internet by following the instructions provided in the Notice and on the proxy card. You will need to have your Notice or proxy card in hand when you access the website. The website is available at <https://www.proxypush.com/apls>.
- *By Mail.* If you requested printed copies of proxy materials, you can vote by mailing your proxy card as described in the proxy materials.
- *In Person at the Annual Meeting.* You may vote in person at the Annual Meeting. We will give you a ballot when you arrive. If you are the beneficial owner of shares held in “street name” and you wish to vote in person at the Annual Meeting, you must obtain a legal proxy from the organization that holds your shares and present it with your ballot to the inspector of election at the Annual Meeting. Even if you plan to attend the Annual Meeting, we urge you to vote your shares by proxy in advance of the Annual Meeting so that if you should become unable to attend the Annual Meeting your shares will be voted as directed by you. You may obtain directions to the location of the Annual Meeting by calling our offices at (502) 241-4114.

Telephone and Internet voting for stockholders of record will be available up until 5:00 p.m. Eastern time on June 17, 2019, and mailed proxy cards must be received by 5:00 p.m. Eastern time on June 17, 2019 in order to be counted at the Annual Meeting. If the Annual Meeting is adjourned or postponed, these deadlines may be extended.

The voting deadlines and availability of telephone and Internet voting for beneficial owners of shares held in “street name” will depend on the voting processes of the organization that holds your shares. Therefore, we urge you to carefully review and follow the voting instruction card and any other materials that you receive from that organization.

Can I Vote My Shares by Filling Out and Returning the Notice of Internet Availability of Proxy Materials?

No. The Notice contains instructions on how to vote via the Internet, by telephone, by requesting and returning a paper proxy card, or by submitting a ballot in person at the Annual Meeting.

Quorum

A quorum of stockholders is necessary to hold a valid meeting. Our amended and restated bylaws provide that a quorum will exist if stockholders holding a majority of the shares of stock issued and outstanding and entitled to vote are present at the meeting in person or by proxy. If a quorum is not present, the meeting may be adjourned until a quorum is obtained.

Abstentions and broker non-votes will count as present for establishing a quorum but will not be counted as votes cast. Broker non-votes occur when your broker or other nominee submits a proxy for your shares (because the broker or other nominee has received instructions from you on one or more proposals, but not all proposals, or has not received instructions from you but is entitled to vote on a particular “discretionary” matter) but does not indicate a vote for a particular proposal because the broker or other nominee either does not have the authority to vote on that proposal and has not received voting instructions from you or has discretionary authority but chooses not to exercise it.

Ballot Measures Considered “Discretionary” and “Non-Discretionary”

The election of directors (Proposal No. 1) is a matter considered non-discretionary under applicable rules. A broker or other nominee cannot vote without instructions on non-discretionary matters, and therefore there may be broker non-votes on Proposal No. 1.

The ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the 2019 fiscal year (Proposal No. 2) is a matter considered discretionary under applicable rules. A Broker or other nominee generally may exercise discretionary authority and vote on discretionary matters. If brokers and other nominees exercise this discretionary authority, no broker non-votes are expected to occur in connection with Proposal No. 2.

Approval of the advisory vote on executive compensation (Proposal No. 3) is a matter considered non-discretionary under applicable rules. A broker or other nominee cannot vote without instructions on non-discretionary matters, and therefore there may be broker non-votes on Proposal No. 3.

Approval of one of the three frequency options under the advisory vote on the frequency of future executive compensation advisory votes (Proposal No. 4) is a matter considered non-discretionary under applicable rules. A broker or other nominee cannot vote without instructions on non-discretionary matters, and therefore there may be broker non-votes on Proposal No. 4.

Votes Required

To be elected, a director must receive a plurality of the votes cast by stockholders entitled to vote at the meeting (Proposal No. 1). The affirmative vote of the holders of a majority of the votes cast will be required for: approval of the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the 2019 fiscal year (Proposal 2); approval of the advisory vote on executive compensation (Proposal 3); and approval of one of the three frequency options under the advisory vote on the frequency of future executive compensation advisory votes (Proposal 4).

Abstentions and broker non-votes will not be counted as votes cast or voted on any of the proposals. Accordingly, abstentions and broker non-votes will have no effect on the voting on any of these proposals.

Method of Counting Votes

Each holder of common stock is entitled to one vote at the Annual Meeting on each matter to come before the Annual Meeting, including the election of directors, for each share held by such stockholder as of the record date. Votes cast in person at the Annual Meeting or by proxy by mail, via the Internet or by telephone will be tabulated by the inspector of election appointed for the Annual Meeting, who will also determine whether a quorum is present.

Revoking a Proxy; Changing Your Vote

If you are a stockholder of record, you may revoke your proxy before the vote is taken at the meeting:

- by submitting a new proxy with a later date before the applicable deadline either signed and returned by mail or transmitted using the telephone or Internet voting procedures described in the “How to Vote” section above;
- by voting in person at the meeting; or
- by filing a written revocation with our corporate Secretary.

If your shares are held in “street name,” you may submit new voting instructions by contacting your bank, broker or other organization holding your account. You may also vote in person at the Annual Meeting, which will have the effect of revoking any previously submitted voting instructions, if you obtain a legal proxy from the organization that holds your shares as described in the “How to Vote” section above.

Your attendance at the Annual Meeting will not automatically revoke your proxy.

Costs of Proxy Solicitation

We will bear the costs of soliciting proxies. Our directors, officers and regular employees, without additional remuneration, may solicit proxies by mail, telephone, facsimile, email, personal interviews and other means.

Voting Results

We plan to announce preliminary voting results at the Annual Meeting and will publish final results in a Current Report on Form 8-K, to be filed with the SEC within four business days following the Annual Meeting.

PROPOSAL NO. 1—ELECTION OF TWO CLASS II DIRECTORS

Board of Directors

Our board of directors currently consists of five members. In accordance with the terms of our restated certificate of incorporation, our board of directors is divided into three classes (Class I, Class II and Class III), with members of each class serving staggered three-year terms. The members of the classes are divided as follows:

- the Class I director is Stephanie Monaghan O'Brien, and her term expires at the annual meeting of stockholders to be held in 2021;
- the Class II directors are A. Sinclair Dunlop and Alec Machiels, and their terms expire at the Annual Meeting; and
- the Class III directors are Gerald Chan and Cedric Francois, and their terms expire at the annual meeting of stockholders to be held in 2020.

Upon the expiration of the term of a class of directors, directors in that class will be eligible to be elected for a new three-year term at the annual meeting of stockholders in the year in which their term expires.

Our restated certificate of incorporation provides that the authorized number of directors may be changed only by resolution of our board of directors. Our restated certificate of incorporation also provides that our directors may be removed only for cause and only by the affirmative vote of the holders of at least 75% of the votes that all our stockholders would be entitled to cast in an annual election of directors, and that any vacancy on our board of directors, including a vacancy resulting from an enlargement of our board of directors, may be filled only by vote of a majority of our directors then in office.

Our board of directors has nominated A. Sinclair Dunlop and Alec Machiels for election as the Class II directors at the Annual Meeting. Each of Mr. Dunlop and Mr. Machiels is presently a director and has indicated a willingness to continue to serve as director, if elected. If either Mr. Dunlop or Mr. Machiels becomes unable or unwilling to serve, however, the proxies may be voted for substitute nominees selected by our board of directors.

PROPOSAL 2—RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2019

Our stockholders are being asked to ratify the appointment by the audit committee of the board of directors of Deloitte & Touche LLP, or Deloitte, as our independent registered public accounting firm for the fiscal year ending December 31, 2019. The audit committee appointed Deloitte as our independent registered public accounting firm for the 2019 fiscal year on April 8, 2019, and we formally engaged Deloitte on April 12, 2019. Prior to that time, Ernst & Young LLP, or E&Y, served as our independent registered public accounting firm. On April 8, 2019, the audit committee dismissed E&Y from service as our independent registered public accounting firm.

E&Y's reports on our financial statements as of and for the fiscal years ended December 31, 2018 and 2017 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles. E&Y's reports for each of the fiscal years ended December 31, 2018 and 2017 included an explanatory paragraph indicating that there was substantial doubt about our ability to continue as a going concern.

During the fiscal years ended December 31, 2018 and 2017 and the subsequent interim period through April 8, 2019, there were (i) no "disagreements" (as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions) between us and E&Y on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of E&Y, would have caused E&Y to make reference to the subject matter of the disagreement in its reports on our consolidated financial statements and (ii) no "reportable events" (as that term is defined in Item 304(a)(1)(v) of Regulation S-K and the related instructions).

During the fiscal years ended December 31, 2018 and 2017 and the subsequent interim period through April 8, 2019, neither we, nor anyone on our behalf, consulted Deloitte regarding (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our consolidated financial statements, and no written report or oral advice was provided to us by Deloitte that Deloitte concluded was an important factor considered by us in reaching a decision as to any accounting, auditing or financial reporting issue or (ii) any matter that was the subject of a "disagreement" (as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions) or a "reportable event" (as that term is defined in Item 304(a)(1)(v) of Regulation S-K).

The audit committee is solely responsible for selecting our independent registered public accounting firm for the fiscal year ending December 31, 2019. Stockholder approval is not required to appoint Deloitte as our independent registered public accounting firm. However, the board of directors believes that submitting the appointment of Deloitte to the stockholders for ratification is good corporate governance. If the stockholders do not ratify this appointment, the audit committee will reconsider whether to retain Deloitte. If the selection of Deloitte is ratified, the audit committee, in its discretion, may still direct the appointment of a different independent registered public accounting firm at any time it decides that such a change would be in the best interest of our company and our stockholders.

A representative of Deloitte is expected to be present at the Annual Meeting and will have an opportunity to make a statement if he or she desires to do so and to respond to appropriate questions from our stockholders.

We incurred the following fees from E&Y for the audit of the consolidated financial statements and for other services provided during the years ended December 31, 2018 and 2017. During our 2018 and 2017 fiscal years, no services were provided to us by Deloitte.

- (1) “Audit Fees” consist of fees for the audit of our annual financial statements, the review of the interim financial statements included in our quarterly reports on Form 10-Q, our IPO that was completed in November 2017, our follow-on public offering in April 2018 and other professional services provided in connection with regulatory filings or engagements.

Audit Committee Pre-Approval Policy and Procedures

Our audit committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our independent registered public accounting firm. This policy provides that we will not engage our independent registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by our audit committee or the engagement is entered into pursuant to the pre-approval procedure described below.

From time to time, our audit committee may pre-approve specified types of services that are expected to be provided to us by our independent registered public accounting firm during the next 12 months. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

The board of directors recommends voting “FOR” Proposal No. 2 to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019.

CORPORATE GOVERNANCE

Director Nomination Process

Our nominating and corporate governance committee is responsible for identifying individuals qualified to serve as directors, consistent with criteria approved by our board, and recommending the persons to be nominated for election as directors, except where we are legally required by contract, law or otherwise to provide third parties with the right to nominate director candidates.

The process followed by our nominating and corporate governance committee to identify and evaluate director candidates includes requests to board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the committee and our board. While there are no specific minimum qualifications for a committee-recommended nominee to our board of directors, the qualifications, qualities and skills that our nominating and corporate governance committee believes must be met by a committee-recommended nominee for a position on our board of directors are as follows:

- Nominees should have a reputation for integrity, honesty and adherence to high ethical standards.
- Nominees should have demonstrated business acumen, experience and ability to exercise sound judgments in matters that relate to our current and long-term objectives and should be willing and able to contribute positively to our decision-making process.
- Nominees should have a commitment to understand our company and our industry and to regularly attend and participate in meetings of our board of directors and its committees.
- Nominees should have the interest and ability to understand the sometimes conflicting interests of our various constituencies, which include stockholders, employees, customers, governmental units, creditors and the general public, and to act in the interests of all stockholders.
- Nominees should not have, nor appear to have, a conflict of interest that would impair the nominee's ability to represent the interests of all of our stockholders and to fulfill the responsibilities of a director.
- Nominees shall not be discriminated against on the basis of race, religion, national origin, sex, sexual orientation, disability or any other basis proscribed by law. The value of diversity on our board of directors is considered.

We have no formal policy regarding board diversity, but our Corporate Governance Guidelines provide that the value of diversity should be considered and that the background and qualifications of the members of our board of directors considered as a group should provide a significant breadth of experience, knowledge, and ability to assist our board of directors in fulfilling its responsibilities. Our priority in selection of board members is identification of members who will further the interests of our stockholders through their established records of professional accomplishment, the ability to contribute positively to the collaborative culture among our board members, knowledge of our business, understanding of the competitive landscape in which we operate and adherence to high ethical standards. Certain individual qualifications and skills of our directors that contribute to our board of directors' effectiveness as a whole are described above in "Proposal No. 1—Election of Class II Directors."

The nominating and corporate governance committee may use a third-party search firm in those situations where particular qualifications are required or where existing contacts are not sufficient to identify an appropriate candidate.

Stockholders may recommend individuals to the nominating and corporate governance committee for consideration as potential director candidates. Any such proposals should be submitted to our corporate secretary at our principal executive offices and should include appropriate biographical and background material to allow the nominating and corporate governance committee to properly evaluate the potential director candidate and the

[Table of Contents](#)

number of shares of our stock beneficially owned by the stockholder proposing the candidate. The specific requirements for the information that is required to be provided for such recommendations to be considered are specified in our amended and restated bylaws and must be received by us no later than the date referenced below under the heading “Stockholder Proposals for our 2020 Annual Meeting.”

Assuming that biographical and background material has been provided on a timely basis, any recommendations received from stockholders will be evaluated in the same manner as potential nominees proposed by the nominating and corporate governance committee. If our board of directors decides to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included on our proxy card for the next annual meeting.

Director Independence

Applicable rules of the Nasdaq Stock Market LLC, or Nasdaq, require a majority of a listed company’s board of directors to be comprised of independent directors within one year of listing. In addition, the Nasdaq rules require that, subject to specified exceptions, each member of a listed company’s audit, compensation and nominating and corporate governance committees be independent. Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and compensation committee members must also satisfy the independence criteria set forth in Rule 10C-1 under the Exchange Act. Under applicable Nasdaq rules, a director will only qualify as an “independent director” if, in the opinion of the listed company’s board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In order to be considered independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors, or any other board committee, accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the listed company or any of its subsidiaries or otherwise be an affiliated person of the listed company or any of its subsidiaries. In order to be considered independent for purposes of Rule 10C-1 under the Exchange Act, the board must consider, for each member of a compensation committee of a listed company, all factors specifically relevant to determining whether a director has a relationship to such company which is material to that director’s ability to be independent from management in connection with the duties of a compensation committee member, including, but not limited to, the source of compensation of the director, including any consulting advisory or other compensatory fee paid by such company to the director, and whether the director is affiliated with the company or any of its subsidiaries or affiliates.

In April 2019, our board of directors undertook a review of the composition of our board of directors and its committees and the independence of each director. Based upon information requested from and provided by each director concerning his or her background, employment and affiliations, including family relationships, our board of directors has determined that each of our directors, with the exception of Cedric Francois, is an “independent director” as defined under applicable Nasdaq rules, including, in the case of all the members of our audit committee, the independence criteria set forth in Rule 10A-3 under the Exchange Act, and in the case of all the members of our compensation committee, the independence criteria set forth in Rule 10C-1 under the Exchange Act. In making such determination, our board of directors considered the relationships that each such non-employee director has with our company and all other facts and circumstances that our board of directors deemed relevant in determining his or her independence, including the beneficial ownership of our capital stock by each non-employee director. Dr. Francois is not deemed to be an independent director under these rules because he is our President and Chief Executive Officer.

There are no family relationships among any of our directors or executive officers, other than Drs. Francois and Grossi, who are brothers-in-law.

Committees of the Board of Directors

Our board of directors has established an audit committee, a compensation committee and a nominating and corporate governance committee. Each of the audit committee, compensation committee and nominating and corporate governance committee operates under a charter, and each such committee reviews its respective charter at least annually. A current copy of the charter for each of the audit committee, compensation committee and the nominating and corporate governance committee is posted on the “Corporate Governance” page of the “Investors & Media” section of our website, which is located at www.apellis.com.

Audit Committee

The members of our audit committee are Alec Machiels, A. Sinclair Dunlop and Stephanie Monaghan O’Brien, and Mr. Machiels is the chair of the audit committee. Our audit committee met five times during 2018. Our audit committee’s responsibilities include:

- overseeing the work of our independent registered public accounting firm, including through the receipt and consideration of reports from such firm;
- reviewing and discussing with management and our independent registered public accounting firm our annual and quarterly financial statements and related disclosures;
- monitoring our internal control over financial reporting, disclosure controls and procedures and code of business conduct and ethics;
- overseeing our internal audit function, if any;
- overseeing our risk assessment and risk management policies;
- establishing procedures for the receipt and retention of accounting related complaints and concerns;
- meeting independently with our internal auditing staff, if any, our independent registered public accounting firm and management;

- preparing the audit committee report required by SEC rules.

All audit and non-audit services, other than de minimis non-audit services, to be provided to us by our independent registered public accounting firm must be approved in advance by our audit committee.

Our board of directors has determined that Mr. Machiels is an “audit committee financial expert” as defined in applicable SEC rules and that each of the members of our audit committee possesses the financial sophistication required for audit committee members under Nasdaq rules. We believe that the composition of our audit committee meets the requirements for independence under current Nasdaq and SEC rules and regulations

Compensation Committee

The members of our compensation committee are Stephanie Monaghan O’Brien and Alec Machiels, and Ms. O’Brien is the chair of the compensation committee. Our compensation committee met seven times during 2018. Our compensation committee’s responsibilities include:

[Table of Contents](#)

- overseeing and administering our cash and equity incentive plans;
- reviewing and making recommendations to our board of directors with respect to director compensation and management succession planning;
- reviewing and discussing annually with management our “Compensation Discussion and Analysis” disclosure; and
- preparing the compensation committee report.

We believe that the composition of our compensation committee meets the requirements for independence under current Nasdaq and SEC rules and regulations.

Compensation Committee Interlocks and Insider Participation

During 2018, the members of our compensation committee were Ms. O’Brien and Mr. Machiels. None of our executive officers serves, or in the past has served, as a member of the board of directors or compensation committee, or other committee serving an equivalent function, of any entity that has one or more executive officers who serve as members of our board of directors or our compensation committee. None of the members of our compensation committee is, or ever has been, an officer or employee of our company.

Nominating and Corporate Governance Committee

The members of our nominating and corporate governance committee are Gerald Chan, A. Sinclair Dunlop and Stephanie Monaghan O’Brien, and Dr. Chan is the chair of the nominating and corporate governance committee. Our nominating and corporate governance committee met once during 2018. Our nominating and corporate governance committee’s responsibilities include:

- identifying individuals qualified to become members of our board of directors;
- recommending to our board of directors the persons to be nominated for election as directors and to each of our board’s committees;
- reviewing and making recommendations to our board of directors with respect to our board leadership structure and board committee structure;
- making recommendations to our board of directors with respect to accepting director resignations;
- developing and recommending corporate governance guidelines to our board of directors; and
- overseeing an annual evaluation of our board of directors.

We believe that the composition of our nominating and corporate governance committee meets the requirements for independence under current Nasdaq and SEC rules and regulations.

Board of Director Meetings and Attendance

Our board of directors recognizes the importance of director attendance at board and committee meetings. The full board of directors met fourteen times during 2018. During 2018, each member of the board of directors attended in person or participated in 75% or more of the aggregate of (i) the total number of meetings held by the board of directors (during the period that such person served as a director) and (ii) the total number of meetings held by all committees of the board of directors on which such person served during the periods that such person served.

Director Attendance at Annual Meeting of Stockholders

Our corporate governance guidelines provide that directors are responsible for attending the annual meeting of stockholders. Each of our directors attended the 2018 annual meeting of stockholders.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer principal accounting officer or controller, or persons performing similar functions. A current copy of the code is posted on the “Corporate Governance” page of the “Investors & Media” section of our website, which is located at www.apellis.com. If we make any substantive amendments to, or grant any waivers from, the code of business conduct and ethics for any officer or director, we will disclose the nature of such amendment or waiver on our website or in a current report on Form 8-K.

Corporate Governance Guidelines

Our board of directors has adopted corporate governance guidelines to assist the board of directors in the exercise of its duties and responsibilities and to serve the best interests of our company and our stockholders. These guidelines provide that:

- the principal responsibility of our board of directors is to oversee our management;
- a majority of the members of the board of directors must be independent directors, unless otherwise permitted by Nasdaq rules;
- the independent directors meet in executive session at least twice a year;
- directors have full and free access to management and, as necessary, independent advisors; and
- our nominating and corporate governance committee will oversee periodic self-evaluations of the board to determine whether it and its committees are functioning effectively.

A copy of the corporate governance guidelines is available on the “Corporate Governance” page of the “Investors & Media” section of our website, which is located at www.apellis.com.

Board Leadership Structure and Oversight of Risk

Our corporate governance guidelines provide that the nominating and corporate governance committee shall periodically assess the board of directors’ leadership structure, including whether the offices of chief executive officer and chair of the board of directors should be separate. Our guidelines provide the board of directors with flexibility to determine whether the two roles should be combined or separated based upon our needs and the board of directors’ assessment of its leadership from time to time. We do not currently have a lead independent director because the chair of our board of directors is independent within the meaning of the Nasdaq listing rules.

We currently separate the roles of chief executive officer and chair of the board of directors. Our president and chief executive officer is responsible for setting the strategic direction for our company and the day-to-day leadership and performance of our company, while the chair of our board of directors presides over meetings of the board of directors, including executive sessions of the board of directors, and performs oversight responsibilities. Separating the duties of the chairman of the board from the duties of the chief executive officer allows our chief executive officer to focus on our day-to-day business, while allowing the chairman of the board to lead the board of directors in its fundamental role of providing advice to and independent oversight of management. Specifically, our chairman of the board runs meetings of our independent directors, facilitates communications between management and the board of directors and assists with other corporate governance matters. Our board of directors believes that this structure ensures a greater role for the independent directors in the oversight of our company and active participation of the independent directors in setting agendas and establishing priorities and procedures for the work of our board of directors. Our board of directors believes its administration of its risk oversight function has not affected its leadership structure. Our board of directors believes that we have an appropriate leadership structure for us at this time which demonstrates our commitment to good corporate governance.

Risk is inherent with every business and how well a business manages risk can ultimately determine its success. We face a number of risks, including those described under “Risk Factors” in our annual report on Form 10-K for the year ended December 31, 2018. Our board of directors is actively involved in oversight of risks that could affect us. Our board of directors oversees our risk management processes directly and through its committees. Our management is responsible for risk management on a day-to-day basis and our board and its committees oversee the risk management activities of management. Our board of directors satisfies this responsibility through full reports by each committee chair regarding the committee’s considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within our company. Our audit committee oversees risk management activities related to financial controls and legal and compliance risks. Our compensation committee oversees risk management activities relating to our compensation policies and practices. Our nominating and corporate governance committee oversees risk management activities relating to board composition and management succession planning. In addition, members of our senior management team attend our quarterly board meetings and are available to address any questions or concerns raised by the board on risk management and any other matters. Our board of directors believes that full and open communication between management and the board of directors is essential for effective risk management and oversight.

Communication with Our Directors

Any interested party with concerns about our company may report such concerns to the board of directors, or the chairman of our board of directors, or otherwise the chairman of the nominating and corporate governance committee, by submitting a written communication to the attention of such director at the following address:

Apellis Pharmaceuticals, Inc.,
6400 Westwind Way, Suite A,
Crestwood, Kentucky 40014
Attention: Board of Directors

You may submit your concern anonymously or confidentially by postal mail. You may also indicate whether you are a stockholder, customer, supplier, or other interested party.

A copy of any such written communication may also be forwarded to our legal counsel and a copy of such communication may be retained for a reasonable period of time. The director may discuss the matter with our legal counsel, with independent advisors, with non-management directors, or with our management, or may take other action or no action as the director determines in good faith, using reasonable judgment, and discretion.

Communications may be forwarded to all directors if they relate to important substantive matters and include suggestions or comments that may be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances, and matters as to which we tend to receive repetitive or duplicative communications.

The audit committee oversees the procedures for the receipt, retention, and treatment of complaints received by us regarding accounting, internal accounting controls, or audit matters, and the confidential, anonymous submission by employees of concerns regarding questionable accounting, internal accounting controls or auditing matters. We have also established a toll-free telephone number for the reporting of such activity, which is 1-866-278-5991 and a secure web form available at <https://www.whistleblowerservices.com/apls>.

EXECUTIVE AND DIRECTOR COMPENSATION

Executive Compensation

Compensation Discussion and Analysis

This section describes the material elements of compensation awarded to, earned by or paid to each of our named executive officers in 2018. This section also provides qualitative information regarding the manner and context in which compensation is awarded to and earned by our executive officers and is intended to place in perspective the data presented in the tables and narrative that follow.

Our compensation committee is responsible for overseeing the total compensation of our senior management team, which is comprised of our executive officers and certain other officers. In this capacity, our compensation committee designs, implements, reviews and approves all compensation for our Chief Executive Officer and our senior officers. This section discusses the principles underlying our policies and decisions with respect to the compensation of our named executive officers, and all material factors relevant to an analysis of these policies and decisions. Our named executive officers for the fiscal year ended on December 31, 2018, were:

- Cedric Francois, our Chief Executive Officer and Principal Executive Officer;
- Timothy Sullivan, our Chief Financial Officer and Principal Financial Officer;
- Pascal Deschatelets, our Chief Operating Officer;
- Federico Grossi, our Chief Medical Officer; and
- Lukas Scheibler, our Chief Innovation Officer.

Executive Summary and Company Background

We are a clinical-stage biopharmaceutical company focused on the development of novel therapeutic compounds to treat disease through the inhibition of the complement system, which is an integral component of the immune system, at the level of C3, the central protein in the complement cascade. We believe that this approach can result in broad inhibition of the principal pathways of the complement system and has the potential to effectively control a broad array of complement-dependent autoimmune and inflammatory diseases.

During 2018, we made significant progress in the development of our product candidates and the achievement of our business goals, including the following achievements:

- Initiated a pivotal Phase 3 clinical trial in paroxysmal nocturnal hemoglobinuria;
- Initiated two pivotal Phase 3 clinical trials in geographic atrophy;
- Initiated Phase 2 clinical trials in cold agglutinin disease, warm antibody autoimmune hemolytic anemia glomerular diseases with complement involvement;
- Hired our Chief Commercial Officer;
- Expanded manufacturing scale and capacity to prepare for commercial production;
- Advanced clinical and preclinical development of APL-9 and other compounds;
- Completed a public follow-on offering in April 2018, raising net proceeds of \$131.2 million; and
- Increased total employee headcount to 87.

Compensation Objectives and Philosophy

Our compensation program is designed to attract, motivate and retain qualified and talented executives, motivating them to achieve our business goals and rewarding them for superior short- and long-term

[Table of Contents](#)

performance. In particular, our compensation program is intended to reward the achievement of specified pre-determined quantitative and qualitative individual and corporate performance goals and objectives and to align the interests of our executive officers with those of our stockholders in order to attain our ultimate objective of increasing stockholder value. The goal of our compensation committee is to ensure that our compensation program is aligned with the interests of our stockholders and our business goals and that the total compensation paid to each of our named executive officers is fair, reasonable and competitive.

Key elements of our compensation program include the following:

Compensation Element	Purpose	Features
Base salary	To attract and retain highly skilled executives.	Fixed component of pay to provide financial stability, based on responsibilities, experience, individual contributions and peer company data.
Annual cash incentive program	To promote and reward the achievement of key short-term strategic and business goals of the company as well as individual performance; to motivate and attract executives.	Variable component of pay based on annual quantitative and qualitative company and individual goals.
Equity incentive compensation	To encourage executives and other employees to focus on long-term company performance; to promote retention; to reward outstanding company and individual performance.	Typically subject to multi-year vesting based on continued service and are primarily in the form of stock options, the value of which depends on the performance of our common stock price, in order to align employee interests with those of our stockholders over the longer-term.

In addition to our direct compensation elements, the following features of our compensation program are designed to align the compensation of our executive officers with stockholder interests and with market best practices:

What We Do	What We Don't Do
✓ Maintain an industry-specific peer group for benchmarking pay	× Allow hedging or pledging of equity
✓ Target pay based on market norms	× Re-price stock options
✓ Deliver executive compensation primarily through equity- and performance-based pay	× Provide excessive perquisites
✓ Set challenging short-term incentive program goals	× Provide supplemental executive retirement plans
✓ Offer market-competitive benefits for executives that are consistent with the rest of our employees	× Provide tax gross-up payments for any change-of-control payments
✓ Consult with an independent compensation advisor on compensation levels and practices	

Our compensation committee developed our compensation program and makes decisions regarding our compensation program with the assistance of Radford Consulting, or Radford, a compensation consulting firm engaged by our compensation committee. For 2018, our compensation committee engaged Radford as its

independent compensation consultant, to advise on executive compensation matters including, overall compensation program design, peer group development and updates, and benchmarking of executive officer and director compensation programs. As part of its services, Radford provides the compensation committee with publicly available compensation data from a peer group of similarly situated publicly traded companies in the biopharmaceuticals and biotechnology industries and subscription survey data. Radford reports directly to our compensation committee.

In addition to its services to the compensation committee described above, in 2018, Radford provided compensation consulting services to our management with respect to the compensation of non-officer employees within and outside the United States. The decision to use Radford for advice and services not related to executive and director compensation was made by management. Our compensation committee has assessed the independence of Radford consistent with Nasdaq listing standards and has concluded that the engagement of Radford does not raise any conflict of interest.

Defining and Comparing Compensation to Market Benchmarks

In 2018 our compensation committee evaluated information from publicly traded companies in the biopharmaceutical and biotechnology industries, using survey data provided by Radford in February 2018, to make decisions with respect to the compensation for our named executive officers. Due to the nature of our business, we compete for executive talent with many public companies that are larger and more established than we are or that possess greater resources than we do, and with smaller private companies that may be able to offer greater equity compensation potential. Accordingly, in 2018, our compensation committee generally targeted compensation for our executive officers as follows:

- base salaries at approximately the 50th percentile of the salaries in the 2018 survey data;
- annual target cash incentive award opportunities at approximately the 50th percentile of the 2018 survey data;
- total annual equity incentive awards at the 50th percentile of the 2018 survey data, provided in the form of stock options; and
- total target compensation for our executives at the 50th percentile of total target compensation in the 2018 survey data.

However, in making compensation decisions, our compensation committee considered other criteria, including market factors, the experience level of the executive, corporate performance, the performance of the executive and other factors described below.

For purposes of compensation for 2019, in February 2019, our compensation committee, with the advice of Radford, selected a peer group of similarly situated companies and made compensation decisions based on publicly available compensation data from the peer group and subscription summary data, which were provided by Radford. Our compensation committee selected the peer companies based on a balance of the following criteria:

- companies whose number of employees, stage of development and market capitalization are similar, though not necessarily identical, to ours;
- companies with similar executive positions to ours;
- companies against which we believe we compete for executive talent; and
- public companies based in the United States whose compensation and financial data are available in proxy statements or through widely available compensation surveys.

Table of Contents

Based on these criteria, our peer group for 2019, as approved by our compensation committee, was comprised of the following 17 companies:

Aimmune Therapeutics	Esperion Therapeutics	Revance Therapeutics
Akebia Therapeutics	Global Blood Therapeutics	Voyager Therapeutics
Alder BioPharmaceuticals	GlycoMimetics	Zogenix
AnaptysBio	MyoKardia	
Atara Biotherapeutics	Ra Pharmaceuticals	
Deciphera Pharmaceuticals	Reata	
Epizyme	REGENXBIO	

Annual Compensation Review

Our compensation committee makes most of the significant adjustments to annual compensation, determines bonus and equity awards and establishes new performance objectives at one or more meetings held during the first quarter of the year. However, the compensation committee may also consider matters related to individual compensation, such as compensation for new executive hires, as well as high-level strategic issues, such as the efficacy of our compensation strategy, potential modifications to that strategy and new trends, plans or approaches to compensation, at various meetings throughout the year. Generally, the compensation committee's process comprises two related elements: the determination of compensation levels and the establishment of performance objectives for the current year. For executives other than the Chief Executive Officer, the compensation committee solicits and considers evaluations and recommendations submitted to the committee by the Chief Executive Officer. In the case of the Chief Executive Officer, the evaluation of his performance is conducted by the compensation committee, which determines any adjustments to his compensation as well as awards to be granted. For all executives and directors as part of its deliberations, the compensation committee may review and consider, as appropriate, materials such as financial reports and projections, operational data, tax and accounting information, tally sheets that set forth the total compensation that may become payable to executives in various hypothetical scenarios, executive and director stock ownership information, company stock performance data, analyses of historical executive compensation levels and current Company-wide compensation levels and recommendations of Radford, including analyses of executive and director compensation paid at other companies identified by Radford.

Base Salary

We use base salaries to recognize the experience, skills, knowledge and responsibilities of our named executive officers and to compensate them for services rendered during the year. None of our named executive officers is currently party to an employment agreement or other agreement or arrangement that provides for automatic or scheduled increases in base salary. Our compensation committee typically determines the base salary for each executive based on the executive's responsibilities, experience and, if applicable, the base salary level of the executive prior to joining us. In addition, our compensation committee reviews and considers the level of base salary paid by companies in our peer group or in survey data for similar positions. Any changes in base salary made as part of the annual review are typically made effective at the beginning of the year.

Base Salary for Our Named Executive Officers in 2018

In March 2018, our compensation committee reviewed the overall compensation paid to Dr. Francois, our Chief Executive Officer. It determined, based on our corporate accomplishments in 2017, including the successful completion of an initial public offering, the completion of the Phase 2 clinical trial in geographic atrophy and the continued development of the clinical program in PNH, and a comparison of his base salary to the base salary of chief executive officers in the survey data of publicly traded companies in the biopharmaceutical and biotechnology industries provided by Radford, to increase his annual base salary to \$555,000 from \$400,000 for 2018.

[Table of Contents](#)

In March 2018, our compensation committee approved increases in base salary for each of our other named executive officers serving at that time, based upon performance, as well as each executive officer's achievement of individual goals in 2017, and the other factors described, including survey data. The increases for Dr. Deschatelets and Dr. Grossi were made based on survey data of the salaries of officers of publicly traded companies in the biopharmaceutical and biotechnology industries provided by Radford. The table below sets forth the increases to base salary, in dollars and as a percentage, for each of our named executive officers:

Named Executive Officer	2017 Salary (\$)	2018 Salary (\$)	Percentage Increase
Cedric Francois	400,000	555,000	38.8%
Tim Sullivan(1)	325,000	380,000	16.9%
Pascal Deschatelets	279,227	400,000	43.3%
Federico Grossi	263,687	341,391	29.4%
Lukas Scheibler(2)	—	350,000	—

- (1) Mr. Sullivan joined the Company in October 2017, and his base salary was set at his time of hiring based on survey data regarding the salaries of chief financial officers of publicly traded companies in the biopharmaceutical and biotechnology industries.
- (2) Dr. Scheibler joined the Company in April 2018, and his base salary was set at his time of hire based on survey data regarding the salaries of heads of research of publicly traded companies in the biopharmaceutical and biotechnology industries.

Base Salary for Our Named Executive Officers in 2019

At the beginning of 2019, our compensation committee approved merit increases in base salary for each of our executive officers serving at that time, based upon our performance in 2018, each executive officer's achievement of individual objectives and the comparison to the base salary of similar executive officers in our 2019 peer group. The salary increases for Dr. Grossi and Dr. Scheibler reflect their promotions to Chief Medical Officer and Chief Innovation Officer, respectively. The table below sets forth the adjustments to base salary, in dollars and as a percentage, for each of our named executive officers:

Named Executive Officer	2018 Salary (\$)	2019 Salary (\$)	Percentage Increase
Cedric Francois	555,000	571,000	2.9%
Tim Sullivan	380,000	394,000	3.7%
Pascal Deschatelets	400,000	412,000	3.0%
Federico Grossi	341,391	380,000	11.3%
Lukas Scheibler	350,000	380,000	8.6%

Annual Cash Incentive Program

Our cash incentive award under the 2018 annual cash incentive program as a percentage of the named executive officer's annual base salary in 2018, the target cash incentive award opportunity in dollars for 2018 and the actual cash incentive award payments to our named executive officers for 2018 performance, which were paid in December 2018, as well as the actual 2018 cash incentive award payment as a percentage of each officer's 2018 target cash incentive award opportunity are discussed below.

Name	2018 Target %	2018 Target \$	Actual Bonus for 2018	Ratio %
Cedric Francois	55%	305,250	381,562	125%
Timothy Sullivan	40%	152,000	190,000	125%

Federico Grossi	35%	122,500	153,125	125%
Lukas Scheibler	35%	91,875(1)	114,844	125%

- (1) Dr. Scheibler's target cash incentive award amount was pro-rated to 75%, based on his period of service during 2018.

Under our 2018 annual cash incentive program, cash incentive awards are determined by multiplying the target cash incentive award for each executive officer by a corporate performance factor established by our compensation committee based on our performance as measured against our corporate goals. In addition, our compensation committee has the discretion to adjust the size of individual awards upward or downward based on individual performance. The compensation committee sets the target cash incentive award opportunity at the beginning of the year, based primarily on data provided by Radford.

During the last quarter of each year, our senior management team evaluates our company performance and each executive officer's individual contribution to our corporate performance, and, as applicable, such officer's achievement of individual objectives for that year. Based on this evaluation, our Chief Executive Officer recommends to our compensation committee any cash awards under our annual cash incentive program. Our compensation committee then carefully reviews overall corporate performance and evaluates each individual executive officer's contributions to our corporate performance.

In December 2018, our compensation committee met with our Chief Executive Officer as part of its annual compensation review and discussed our corporate performance in 2018, the individual performance of our officers and the Chief Executive Officer's recommendations for cash incentive awards for each of our executive officers other than the CEO. As part of its evaluation of our corporate performance, the committee noted various unanticipated performance outcomes during 2018 and that we made significant progress on our clinical development and business goals:

- Initiated a pivotal Phase 3 clinical trial in paroxysmal nocturnal hemoglobinuria;
- Initiated two pivotal Phase 3 clinical trials in geographic atrophy;
- Initiated Phase 2 clinical trials in cold agglutinin disease, warm antibody autoimmune hemolytic anemia glomerular diseases with complement involvement;
- Hired our Chief Commercial Officer;
- Expanded manufacturing scale and capacity to prepare for commercial production;
- Advanced clinical and preclinical development of APL-9 and other compounds;
- Completed follow-on offering in April 2018 for net proceeds of \$131.2 million; and
- Increased total employee headcount to 87.

Based on our overall performance during 2018, our compensation committee determined that a corporate performance factor of 125% was appropriate and granted cash incentive awards to each of our named executive officers equal to 125% of their target cash incentive award for 2018.

Equity Awards

Our equity awards program is designed to:

- reward demonstrated leadership and performance;
- align our executive officers' interests with those of our stockholders;
- retain our executive officers through the term of the awards;
- maintain competitive levels of executive compensation; and
- motivate our executive officers for outstanding future performance.

The market for qualified and talented executives in the biopharmaceutical industry is highly competitive and we compete for talent with many companies that have greater resources than we do. Accordingly, we believe equity compensation is a crucial component of any competitive executive compensation package we offer.

Historically, our equity awards have generally taken the form of stock options. We typically make equity award grants to each of our executive officers upon commencement of employment, annually in conjunction with our review of executive compensation, in connection with a promotion, or as a special incentive.

All equity awards to our executive officers are approved by our compensation committee and, other than equity awards to new hires, are typically granted by our compensation committee in the first quarter of the year. The size of equity awards vary among our executive officers based on their positions and annual performance assessments. All stock options granted to our executives have exercise prices equal to the fair market value of our common stock on the date of grant, so that the recipient will not realize any value from his or her options unless our share price increases above the exercise price on the date of grant. Accordingly, this portion of our executive officers' compensation is at risk and is directly aligned with stockholder value creation.

In addition, equity grants to our executive officers typically vest over four years, which we believe provides an incentive to our executives to add value over the long-term and to remain with our company. Typically, the stock options we grant to our executives have a ten-year term and vest as to 25% of the shares on the first anniversary of their grant date and then in equal monthly installments thereafter until the fourth anniversary of such date. Vesting of option grants to employees ceases upon termination of employment and exercise rights typically cease three months following termination of employment, except in the case of death or disability, for grants made under our 2017 stock incentive plan, or our 2017 Plan, and one year following termination of employment for grants made under our 2010 equity incentive plan, or our 2010 Plan. Prior to the exercise of an option, the stock option holder does not have any rights as a stockholder with respect to the shares subject to such option, including voting rights or the right to receive dividends or dividend equivalents. The compensation committee may approve different award types in the future as part of the overall compensation strategy. Awards made in connection with a new, extended or expanded employment relationship may involve a different mix of equity awards, depending on the compensation committee's assessment of the total compensation package being offered.

In connection with the annual review of each executive officer's compensation and consistent with our compensation philosophy, in February 2018, our compensation committee approved annual equity incentive awards for our named executive officers serving at that time. The annual equity incentive awards granted to our named executive officers serving at that time are set forth in the table below:

<u>Named Executive Officer</u>	<u>Stock Options</u>
Cedric Francois	280,000
Timothy Sullivan(1)	25,000
Pascal Deschatelets	110,000
Federico Grossi	200,000
Lukas Scheibler(2)	—

- (1) Timothy Sullivan joined the company in October 2017 and received a ratably reduced annual equity incentive award in 2018.
- (2) Lukas Scheibler joined the company in April 2018 and was granted an option to purchase 145,000 shares of common stock upon hiring.

The equity awards granted to our named executive officers during 2018, and the grant date fair value of those awards determined in accordance with Financial Accounting Standards Board, or FASB, Accounting Standards Codification, or ASC, Topic 718, are shown in the Summary Compensation Table and the 2018 Grants of Plan-Based Awards table below.

In connection with the annual review of each executive officer's individual performance and consistent with our compensation philosophy, in February 2019, our compensation committee approved annual equity incentive awards for our named executive officers. The annual equity incentive awards granted to our named executive officers are set forth in the table below:

<u>Named Executive Officer</u>	<u>Stock Options</u>
Cedric Francois	281,000
Timothy Sullivan	95,000
Pascal Deschatelets	95,000
Federico Grossi	85,000
Lukas Scheibler	85,000

Benefits and Other Compensation

Other compensation to our executives consists primarily of the broad-based benefits we provide to all full-time employees in the United States, including medical, dental and vision insurance, group life and disability insurance, an employee stock purchase plan and a 401(k) plan. Pursuant to our employee stock purchase plan, employees, including our named executive officers, would have an opportunity to purchase our common stock at a discount on a tax-qualified basis through payroll deductions if an offering were to be initiated by the board of directors. The employee stock purchase plan is designed to qualify as an "employee stock purchase plan" under Section 423 of the Internal Revenue Code. The purpose of the employee stock purchase plan is to encourage our employees, including our named executive officers, to become our stockholders and better align their interests with those of our other stockholders. Pursuant to our 401(k) plan, employees, including our named executive officers, may elect to defer a portion of their current compensation up to the statutorily prescribed annual limit (which was \$18,500 in 2018), with additional salary deferrals not to exceed \$24,500 available to those employees 50 years of age or older, and to have the amount of this deferral contributed to our 401(k) plan. We make discretionary matching contributions and other employer contributions on behalf of eligible employees under our 401(k) plan. For fiscal year 2018, we matched a portion of eligible employee contributions equal to 50% of the first 10% of eligible contributions pursuant to our 401(k) plan's matching formula.

Currently, we do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, we do not provide perquisites to our named executive officers, except in situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make him or her more efficient and effective, and for recruitment and retention purposes. None of our named executive officers received perquisites or other personal benefits with an aggregate value of \$10,000 or more in 2018. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by our compensation committee.

Certain executive officers, other than the named executive officers, may be entitled to certain severance and/or change in control protections pursuant to their employment agreements.

We do not offer any defined benefit pension plans or nonqualified deferred compensation arrangements for our employees.

Insider Trading Policy

Our insider trading policy expressly prohibits short sales and derivative transactions of our stock by our named executive officers, directors and employees, including short sales “against the box”; purchases or sales of puts, calls or other derivative securities based on the company’s securities; or other hedging or monetization transactions accomplished through the use of prepaid variable forwards, equity swaps, collars and exchange funds. In addition, our insider trading policy generally prohibits our named executive officers, directors and employees from purchasing our securities on margin, borrowing against company securities held in a margin account, or pledging our securities as collateral for a loan.

Tax and Accounting Considerations

Deductibility of Executive Compensation

Generally, Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code, disallows a federal income tax deduction for public corporations of remuneration in excess of \$1 million paid in any fiscal year to certain specified executive officers. For taxable years beginning before January 1, 2018 (i) these officers consisted only of a public corporation’s chief executive officer and up to three other officers (other than the chief financial officer) whose compensation is required to be disclosed to stockholders under the Securities Exchange Act of 1934 because they are the most highly-compensated officers and (ii) qualifying “performance-based compensation” was not subject to this deduction limit if specified requirements were met.

Pursuant to tax legislation commonly known as the Tax Cuts and Jobs Act, which was signed into law on December 22, 2017, for taxable years beginning after December 31, 2017, the remuneration of a public corporation’s chief financial officer is also subject to the deduction limit. In addition, subject to certain transition rules (which apply to remuneration provided pursuant to certain written binding contracts which were in effect on November 2, 2017 and which are not subsequently modified in any material respect), for taxable years beginning after December 31, 2017, the exemption from the deduction limit for “performance-based compensation” is no longer available. Consequently, for fiscal years beginning after December 31, 2017, all remuneration in excess of \$1 million paid to a specified executive will not be deductible.

In designing our executive compensation program and determining the compensation of our executive officers, including our named executive officers, the compensation committee considers a variety of factors, including the potential impact of the Section 162(m) deduction limit. However, the compensation committee will not necessarily limit executive compensation to that which is or may be deductible under Section 162(m). The deductibility of some types of compensation depends upon the timing of an executive officer’s vesting or exercise of previously granted rights. Further, interpretations of and changes in the tax laws, and other factors beyond the compensation committee’s control also affect the deductibility of compensation. The compensation committee will consider various alternatives to preserving the deductibility of compensation payments and benefits to the extent consistent with its compensation goals.

To maintain flexibility to compensate our executive officers in a manner designed to promote our short-term and long-term corporate goals, the compensation committee has not adopted a policy that all compensation must be deductible. The compensation committee believes that our stockholders’ interests are best served if its discretion and flexibility in awarding compensation is not restricted, even though some compensation awards may result in non-deductible compensation expense. From time to time, the compensation committee may approve compensation for our named executive officers that does not comply with an exemption from the deduction limit when it believes that such compensation is consistent with the goals of our executive compensation program and is in the best interests of the Company and our stockholders.

Taxation of “Parachute” Payments

Sections 280G and 4999 of the Code provide that executive officers and directors who hold significant equity interests and certain other service providers may be subject to significant additional taxes if they receive payments or benefits in connection with a change in control of the company that exceeds certain prescribed limits, and that the company (or a successor) may forfeit a deduction on the amounts subject to this additional tax. We have not agreed to provide any executive officer, including any named executive officers, with a “gross-up” or other reimbursement payment for any tax liability that the executive officer might owe as a result of the application of Sections 280G or 4999 of the Code.

Section 409A of the Internal Revenue Code

Section 409A of the Code imposes additional significant taxes in the event that an executive officer, director or service provider receives “deferred compensation” that does not satisfy the requirements of Section 409A of the Code. Although we do not maintain a traditional nonqualified deferred compensation plan, Section 409A of the Code may apply to certain severance arrangements, bonus arrangements and equity awards. We structure all our severance arrangements, bonus arrangements and equity awards in a manner to either avoid the application of Section 409A or, to the extent doing so is not possible, to comply with the applicable requirements of Section 409A of the Code.

We follow FASB ASC 718 for our stock-based compensation awards. FASB ASC Topic 718 requires us to measure the compensation expense for all share-based payment awards made to our employees and non-employee members of our board of directors, including options to purchase shares of our common stock and other stock awards, based on the grant date “fair value” of these awards. This calculation is performed for accounting purposes and reported in the executive compensation tables required by the federal securities laws, even though the recipient of the awards may never realize any value from their awards.

Compensation Risk Assessment

We believe that our executive compensation program does not encourage excessive or unnecessary risk taking. As described more fully above, we structure our pay to consist of both fixed and variable compensation, particularly in connection with our pay-for-performance compensation philosophy. We believe this structure motivates our executives to produce superior short- and long-term results that are in the best interests of our company and stockholders in order to attain our ultimate objective of increasing stockholder value. We have established, and our compensation committee endorses, these structures in order to address and mitigate compensation related risk. As a result, we do not believe that our compensation programs are reasonably likely to have a material adverse effect on us.

Compensation Committee Report

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on this review and discussion, the compensation committee recommended to the company’s board of directors that the Compensation Discussion and Analysis be included in this proxy statement.

Employment Agreements and Change in Control and Severance Arrangements

We do not currently have employment agreements with our named executive officers, although we may enter into such agreements in the future. We entered into an offer letter with Mr. Sullivan, our chief financial officer, on October 9, 2017 and with Dr. Scheibler on April 13, 2018. These offer letters established their terms of employment with us, including their respective title, salary, bonus and eligibility for benefits. We are not party to offer letters with our other three named executive officers.

The options held by Dr. Francois, Mr. Sullivan and Dr. Deschatelets fully vest upon a change of control. The options held by Dr. Grossi and Dr. Scheibler vest with respect to 50% of the then unvested shares upon the occurrence of a termination of employment without cause or a resignation for good reason within twelve months following a change of control. The following table sets forth information regarding the value to be received by

A. Sinclair Dunlop	52,000	52,000
Alec Machiels	61,000	61,000
Stephanie Monaghan O'Brien	62,000	62,000

(1) Amounts represent cash compensation for services rendered by each member of the board of directors.

No options were granted to our non-employee directors during 2018. During 2018, we did not pay any compensation to Cedric Francois, our President and Chief Executive Officer, in connection with his service on our board of directors. Dr. Francois' compensation is set forth and discussed under "Executive Compensation—2018 Summary Compensation Table" and "Executive Compensation—Compensation Discussion and Analysis."

Director Compensation Program

Our director compensation program is intended to provide a total compensation package that will attract and retain qualified and experienced individuals to serve as directors and to align our directors' interests with those of our stockholders.

Under our director compensation program, we pay our non-employee directors a cash retainer for service on the board of directors and for service on each committee on which the director is a member. The chairman of each committee and the chairman of the board of directors receive higher retainers for such service. These fees are

[Table of Contents](#)

payable in arrears in four equal quarterly installments on the last day of each quarter, provided that the amount of such payment is prorated for any portion of such quarter that the director is not serving on our board of directors, on such committee or in such position. The fees paid to non-employee directors in 2018 for their service on the board of directors and for their service on each committee of the board of directors were as follows:

	Member Annual Fee (\$)	Chairman Additional Annual Fee (\$)
Board of Directors	40,000	25,000
Audit Committee	8,000	8,000
Compensation Committee	5,000	5,000
Nominating and Corporate Governance Committee	4,000	4,000

In February 2019, we adjusted the fee schedule for non-employee directors to align with market standards. Under our revised program, the fees paid to our non-employee directors for their service on the board of directors and for their service on each committee of the board of directors are as follows:

	Member Annual Fee (\$)	Chairman Additional Annual Fee (\$)
Board of Directors	40,000	30,000
Audit Committee	8,000	8,000
Compensation Committee	6,000	6,000
Nominating and Corporate Governance Committee	4,000	4,000

We also reimburse our non-employee directors for reasonable travel and out-of-pocket expenses incurred in connection with attending our board of director and committee meetings.

In addition, under our director compensation program, on January 1st of each year, beginning on January 1, 2019, each non-employee director that has served on our board of directors for at least six months receives an option to purchase 17,580 shares of our common stock. Each of these options vest in four equal quarterly installments on April 1, July 1 and October 1 of the year in which the grant is made and on January 1 of the following year, unless otherwise provided at the time of grant, subject to the non-employee director's continued service as a director. All options issued to our non-employee directors under our director compensation program become exercisable in full upon a change in control of our company, are granted at an exercise price per share equal to the fair market value of our common stock on the date of grant, and have a term of ten years.

Each non-employee director that is newly elected to our board of directors receives an option to purchase 35,161 shares of our common stock upon his or her initial election to the board of directors. Each of these options vest with respect to one-third of the award on each of the first, second and third anniversaries of the grant date, subject to the non-employee director's continued service as a director.

The following table sets forth the outstanding equity awards held by our non-employee directors as of December 31, 2018, which consisted entirely of stock options:

Name	Option Awards
Gerald Chan, D.Sc.	121,894
A. Sinclair Dunlop	121,894
Alec Machiels	309,423

No shares have been issued under the 2017 ESPP. Our compensation committee decided not to allocate additional shares to the 2017 ESPP in 2019.

PROPOSAL 3—ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are providing our stockholders the opportunity to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC’s rules. This proposal, which is commonly referred to as “say-on-pay,” is required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, which added Section 14A to the Exchange Act. Section 14A of the Exchange Act also requires that stockholders have the opportunity to cast an advisory vote with respect to whether future executive compensation advisory votes will be held every one, two or three years, which is the subject of Proposal No. 4.

Our executive compensation programs are designed to attract, motivate, and retain our executive officers, who are critical to our success. Under these programs, our named executive officers are rewarded for the achievement of our near-term and longer-term financial and strategic goals and for driving corporate financial performance and stability. The programs contain elements of cash and equity-based compensation and are designed to align the interests of our executives with those of our stockholders.

The “Executive Compensation” section of this proxy statement beginning on page 19, including “Compensation Discussion and Analysis,” describes in detail our executive compensation programs and the decisions made by the compensation committee with respect to the year ended December 31, 2018. The key elements of our executive compensation program include the following:

- **Base salary:**
 - Fixed component of pay to provide financial stability, based on responsibilities, experience, individual contributions and peer company data.
- **Annual cash incentive program:**
 - To promote and reward the achievement of key short-term strategic and business goals of the company as well as individual performance; to motivate and attract executives.
 - Variable component of pay based on annual quantitative and qualitative company and individual goals.
- **Equity incentive compensation:**
 - To encourage executives and other employees to focus on long-term company performance; to promote retention; to reward outstanding company and individual performance.
 - Typically subject to multi-year vesting based on continued service and are primarily in the form of stock options, the value of which depends on the performance of our common stock price, in order to align employee interests with those of our stockholders over the longer-term.

As we describe in the Compensation Discussion and Analysis, we have designed our executive compensation program to embody a pay-for-performance philosophy that supports our business strategy and aligns the interests of our executives with our stockholders. We believe this link between compensation and the achievement of our near- and long-term business goals has helped drive our performance over time. At the same time, we believe our program does not encourage excessive risk-taking by management.

Our board of directors is asking stockholders to approve a non-binding advisory vote on the following resolution:

RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the compensation tables and any related material disclosed in this proxy statement, is hereby approved.

[Table of Contents](#)

As an advisory vote, this proposal is not binding. Neither the outcome of this advisory vote nor of the advisory vote included in Proposal No. 4 overrules any decision by us or the board of directors (or any committee thereof), creates or implies any change to the fiduciary duties of our company or the board of directors (or any committee thereof), or creates or implies any additional fiduciary duties for our company or the board of directors (or any committee thereof). However, our compensation committee and board of directors value the opinions expressed by our stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for named executive officers.

The board of directors recommends that stockholders vote to approve the compensation of our named executive officers by voting “FOR” Proposal No. 3.

PROPOSAL 4—ADVISORY VOTE ON THE FREQUENCY OF FUTURE EXECUTIVE COMPENSATION ADVISORY VOTES

In Proposal No. 3, we are providing our stockholders the opportunity to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers. In this Proposal No. 4, we are asking our stockholders to cast a non-binding advisory vote regarding the frequency of future executive compensation advisory votes. Stockholders may vote for a frequency of every one, two, or three years, or may abstain.

The board of directors will take into consideration the outcome of this vote in making a determination about the frequency of future executive compensation advisory votes. However, because this vote is advisory and non-binding, the board of directors may decide that it is in the best interests of our stockholders and the company to hold the advisory vote to approve executive compensation more or less frequently.

After careful consideration, the board of directors believes that an executive compensation advisory vote should be held every year, and therefore our board of directors recommends that you vote for a frequency of every ONE YEAR for future executive compensation advisory votes.

The board of directors believes that an annual executive compensation advisory vote will facilitate more direct stockholder input about executive compensation. An annual executive compensation advisory vote is consistent with our policy of reviewing our compensation program annually, as well as seeking frequent input from our stockholders on corporate governance and executive compensation matters. We believe an annual vote would be the best governance practice for our company at this time. Therefore, the board of directors believes that holding the executive compensation advisory vote every year is in the best interests of the company and its stockholders.

The board of directors recommends that stockholders vote for holding future executive compensation advisory votes every ONE YEAR in Proposal No. 4.

Our restated certificate of incorporation provides that we will indemnify our directors and officers to the fullest extent permitted by Delaware law. In addition, we have entered into indemnification agreements with our current and former directors that may be broader in scope than the specific indemnification provisions contained in the General Corporation Law of the State of Delaware. In the case of those of our directors who are affiliated with certain of our 5% stockholders or their affiliates, the indemnification agreements also provide for indemnification of the applicable 5% stockholder or affiliate.

Policies and Procedures for Related Person Transactions

Our board of directors has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which our company is a participant, the amount involved exceeds \$120,000 and one of our executive officers, directors, director nominees or 5% stockholders, or their immediate family members, each of whom we refer to as a "related person," has a direct or indirect material interest.

If a related person proposes to enter into such a transaction, arrangement or relationship, which we refer to as a "related person transaction," the related person must report the proposed related person transaction to our principal financial officer. The policy calls for the proposed related person transaction to be reviewed and approved by our audit committee. Whenever practicable, the reporting, review and approval will occur prior to entry into the transaction. If advance review and approval is not practicable, the committee will review, and, in its discretion, may ratify the related person transaction. The policy also permits the chairman of the audit committee to review and, if deemed appropriate, approve proposed related person transactions that arise between committee meetings, subject to ratification by the committee at its next meeting. Any related person transactions that are ongoing in nature will be reviewed annually.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the audit committee after full disclosure of the related person's interest in the transaction. As appropriate for the circumstances, the committee will review and consider:

- the related person's interest in the related person transaction;
- the approximate dollar value of the amount involved in the related person transaction;
- the approximate dollar value of the amount of the related person's interest in the transaction without regard to the amount of any profit or loss;
- whether the transaction was undertaken in the ordinary course of our business;
- whether the terms of the transaction are no less favorable to us than the terms that could have been reached with an unrelated third party;
- the purpose of, and the potential benefits to us of, the transaction; and
- any other information regarding the related person transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

The audit committee may approve or ratify the transaction only if the committee determines that, under all of the circumstances, the transaction is in our best interests. The committee may impose any conditions on the related person transaction that it deems appropriate.

The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by the compensation committee in the manner specified in its charter.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers, and persons holding more than 10% of our common stock to report their initial ownership of the common stock and other equity securities and any changes in that ownership in reports that must be filed with the SEC. The SEC has designated specific deadlines for these reports, and we must identify in this proxy statement those persons who did not file these reports when due.

Based solely on a review of reports furnished to us, or written representations from reporting persons, we believe all directors, executive officers, and 10% owners timely filed all reports regarding transactions in our securities required to be filed for 2018 by Section 16(a) of the Exchange Act.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The audit committee has reviewed our audited consolidated financial statements for the fiscal year ended December 31, 2018 and discussed them with the Company's management and Ernst & Young LLP, the Company's independent registered public accounting firm for the year ended December 31, 2018.

The audit committee has also received from, and discussed with, Ernst & Young LLP various communications that Ernst & Young LLP is required to provide to the audit committee, including the matters required to be discussed by generally accepted auditing standards (including Public Company Accounting Oversight Board Auditing Standard No. 1301, *Communications with Audit Committees*).

In addition, Ernst & Young LLP provided the audit committee with the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the audit committee concerning independence, and the audit committee has discussed with the Company's independent registered public accounting firm their independence.

Based on the review and discussions referred to above, the audit committee recommended to the board of directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2018.

HOUSEHOLDING

Some banks, brokers and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one copy of our documents, including the Notice of Internet Availability of Proxy Materials or, if requested, the 2018 Annual Report and proxy statement, may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of any of the above documents to you if you write or call us at Apellis Pharmaceuticals, Inc., 6400 Westwind Way, Suite A, Crestwood, Kentucky 40014, Attention: General Counsel, telephone: (502) 241-4114. If you want to receive separate copies of the Notice of Internet Availability of Proxy Materials, proxy statement or annual report to stockholders in the future, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker or other nominee record holder, or you may contact us at the above address and phone number.

STOCKHOLDER PROPOSALS FOR OUR 2020 ANNUAL MEETING

A stockholder who would like to have a proposal considered for inclusion in our 2020 proxy statement must submit the proposal in accordance with the procedures outlined in Rule 14a-8 of the Exchange Act so that it is received by us no later than January 7, 2020. However, if the date of the 2020 annual meeting of stockholders is changed by more than 30 days from the date of the previous year’s meeting, then the deadline is a reasonable time before we begin to print and send our proxy statement for the 2020 annual meeting of stockholders. SEC rules set standards for eligibility and specify the types of stockholder proposals that may be excluded from a proxy statement. Stockholder proposals should be addressed to Apellis Pharmaceuticals, Inc., 6400 Westwind Way, Suite A, Crestwood, Kentucky 40014, Attention: General Counsel.

If a stockholder wishes to propose a nomination of persons for election to our board of directors or present a proposal at an annual meeting but does not wish to have the proposal considered for inclusion in our proxy statement and proxy card, our amended and restated bylaws establish an advance notice procedure for such nominations and proposals. Stockholders at an annual meeting may only consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of the board of directors or by a stockholder of record on the record date for the meeting, who is entitled to vote at the meeting and who has delivered timely notice in proper form to our corporate secretary of the stockholder’s intention to bring such business before the meeting.

The required notice must be in writing and received by our corporate secretary at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year’s annual meeting. However, in the event that the date of the annual meeting is advanced by more than 30 days, or delayed by more than 60 days, from the first anniversary of the preceding year’s annual meeting, a stockholder’s notice must be so received no earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of (A) the 90th day prior to such annual meeting and (B) the tenth day following the day on which notice of the date of such annual meeting was mailed or public disclosure of the date of such annual meeting was made, whichever first occurs. For stockholder proposals to be brought before the 2020 annual meeting of stockholders, the required notice must be received by our corporate secretary at our principal executive offices no earlier than February 19, 2020 and no later than March 20, 2020.

OTHER MATTERS

Our board of directors does not know of any other matters to be brought before the Annual Meeting. If any other matters not mentioned in this proxy statement are properly brought before the meeting, the individuals named in the proxy intend to use their discretionary voting authority under the proxy to vote the proxy in accordance with their best judgment on those matters.
